Village Approves Garbage Contract

NEW PROGRAM OFFERS SENIOR DISCOUNT

The Village of Westmont recently approved a new garbage contract with Waste Management, the waste hauling company that has served the Village for the past several years.

The new garbage contract continues the same services that Waste Management has provided for residents and businesses in the past. Residents will be allowed to put out up to two cans of garbage each week as well as unlimited recycling. Additional cans of garbage will require a garbage sticker. Residents will be billed for garbage pick-up on their quarterly water bill.

SENIOR DISCOUNT PROGRAM

Responding to the needs of senior citizens, the Village negotiated a Senior Discount for garbage pick-up. The discount offers a 25% reduction in garbage pick up fees for residents who are 65 and older. A valid driver's license or State ID is needed to apply. Residents may sign up in person at the Village Hall, 31 W. Quincy, or send in the form and appropriate information in the mail.

Westmont Website Features Link to Photos

Have you ever
had your picture
taken at a com-
munity event and
wondered if you
could get a copy of
it? Well, if it ever
happens again, you
can.

Westmont Infor-
mation Technol-
ogy Director Glen
Liljeberg has added
a photo link to the
main page of the
Village of Westmont
Website at **[www.
westmont.il.gov](http://www.westmont.il.gov)**.

The link takes you
to a page that stores
all pictures taken by
Village of Westmont
photographers at
public community
events, such as the
Taste of Westmont.

So next time your at
a community event,
and someone from
the Village takes
your photo, then
check out the Vil-
lage Website to see
how your picture
turned out:

**[www.
westmont.
il.gov](http://www.westmont.il.gov)**

Village Receives Excellent Safety Rating

The Village of Westmont belongs to a group of
more than 80 municipalities that are self-insured as
a collective. To encourage members to maintain
the highest level of safety preparedness and risk
management, IRMA, the Intergovernmental Risk
Management Association, has developed the IMAP
municipality assessment program.

The IMAP program is conducted to provide the Village
of Westmont and IRMA with a risk management
evaluation in three major categories: Risk Management
Administration; Employment Practices; and Injury/
Liability Prevention. IMAP provides the Village of
Westmont with valuable information regarding areas in
which safety improvements may be needed.

Last fall, Westmont Safety Compliance Technician
Mike Chorney along with representatives from Village
Departments began a thorough review of the IMAP
process. In early May of this year, IRMA came to
Westmont and the IMAP review process began. On
May 24, IRMA contacted the Village to reveal an overall
rating of 93%, which is the highest score ever given to
an IRMA member.

The high rating speaks well of our municipality's
culture of safety and continues the Village's high
expectations regarding emergency and safety
preparedness. Congratulations to Mike Chorney
and the IMAP Preparedness Team consisting of Mike
Ramsey, Craig Skala, John Tannahill, Robert Zeiger,
and Jill Peterson and the entire Village staff.

*The Village of Westmont congratulates the
Westmont High School Girl's Flag Team for
placing first in State.*

Clerk's Office News

SUMMER HOURS THROUGH SEPT. 30

To better serve residents, the Clerk's Office extends daily business hours in the summer. Through Sept. 30, the Clerk's Office, located in the Village Hall at 31 W. Quincy Street, is open Monday through Friday from 7 a.m. to 5 p.m. The Clerk's Office is closed on Village-observed holidays.

AFTER-HOURS DROP BOX

After-hour bill payments can be made by dropping them off in the yellow after-hours drop box, located near the entrance of the Commuter Train Station on west Quincy Street. All after-hour payments are processed the next business day.

MAKE PAYMENTS BY MAIL

All purchases available at the Clerk's Office including various licenses, refuse & yard waste stickers, and cab coupons can be made by mail.

CREDIT CARDS ACCEPTED

The Village of Westmont Clerk's Office now accepts credit card payments with VISA and Master Card. Charge cards are allowed for all Clerk's Office payments including water bills, licenses and various Village fees. Checks for all fees should be made to the Village of Westmont. Completed materials and checks can also be placed in the after-hours drop box near the train station. For more information regarding the Clerk's Office, call (630) 829-4400.

U.S. Olympic Luge Team Conducts Tryouts in Westmont

For the third consecutive year, the U.S. Olympic Luge Program conducted its Slider Search in Westmont. The Slider Search is the official recruitment program for the U.S. Olympic Luge Team. In the 15 year history of the Slider Search, the program has never returned to the same location for two years in a row, however, due to the cooperation the Luge Team has received from the Village, Westmont has become an annual stop. In addition to providing an excellent opportunity for young athletes in the area, the Village of Westmont benefits from positive exposure in the local media. This year, ABC-TV and CBS-TV were on location to report the story.

Emergency Communications Center Receives Updates

The Westmont Fire and Police Departments recently held a ribbon-cutting ceremony for new updates to the Village's 9-1-1 emergency communications center. The improvements to the center will enable communications staff to better handle incoming emergency calls. One of the improvements is in regard to radio communication, which now takes place via computer to ensure faster handling of calls. The communication center now features a state-of-the-art system called Zetron, which further assists our emergency response teams. These improvements were made possible through a Fire Act Grant secured by Fire Department Deputy Chief Dave Weiss from FEMA and the Department of Homeland Security.

Public Works Update

The Village of Westmont **PUBLIC WORKS DEPARTMENT**

Facilities Operation Division
Fleet Maintenance Division
Street Division
Water Division

Taste of Westmont Thanks Public Works Department

The Taste of Westmont would not be possible without great support from the Village of Westmont. In particular, the Public Works Department helps to close down Cass Avenue on the Thursday night before the event opens on Friday and assists with all aspects of set-up. In less than 24 hours, the entire festival springs to life with the assistance of Public Works. Additionally, the Department provides daily maintenance for the festival and has Cass Avenue completely restored for service by Monday morning.

Street Program Targets Sycamore Run Improvements

The Village of Westmont's 2006 Street Maintenance Program will be focused on streets in the Sycamore Run Subdivision. The following streets were resurfaced.

BEECHWOOD COURT

Water Replacement Project North Linden Avenue

North Linden Avenue was the start of our water main replacement program this year. The project began in mid-June and will continue for approximately two months with completion expected in late August.

If you have any questions, please contact the Water Division at (630) 829-4450 between 7 a.m. and 3:30 p.m., Monday through Friday.

Public Works and Economic Development Departments Undergo Changes

The Village of Westmont is undergoing planned organizational changes in an effort to provide better service to residents and developers. This reorganization will allow our Public Works Department and Economic Development Department to provide services in a more efficient manner.

The former Village Engineering Division has been dissolved with engineering duties being divided between the Public Works Department and the Economic Development Department. Such engineering duties related to public improvements, right of way, and large scale commercial development issues will be reviewed by The Public Works Department.

Residential and subdivision matters, small scale commercial development, and all permits will be administered by the Economic Development Department.

The Economic Development Department offices are now located at Village Hall, 31 W. Quincy Street. Hours are from 9 a.m. to 5 p.m. weekdays. Residents should visit the Economic Development Department's Building Division for construction related permits such as decks, fences, roofs, driveways, construction and remodeling, as well as electrical and plumbing matters.

Because development activity in the community is continuing at a record pace, these organizational changes are designed to provide better and faster service to citizens and developers. If you have any questions, please feel free to call us at (630) 829-4408, or stop by Village Hall.

Water Division News

The Westmont Water Division is installing a new radio meter reading device on some resident homes. This new device, a Sensus Model 510R MXU touchcoupler, is mounted directly over the existing touchpad and allows the Village to obtain water meter readings from a vehicle on the street. This upgrade and installation will not require an appointment with the resident. The new device has a 20 year battery life, which is an improvement over the current meters, which have a seven year battery.

RAMSEY NAMED WATER DIVISION SUPERVISOR

Mike Ramsey started with the Village of Westmont in September of 1986. Over the years, he earned the titles of Distribution Worker, Customer Service Technician, and Plant Operator. With his years of knowledge in every branch of the Water Division, Ramsey was named Water Division Supervisor.

If you have any questions regarding your water service, please call the Westmont Water Division at (630) 829-4450.

Naperville Rd./Chicago Ave. Construction on Schedule

VILLAGE ENCOURAGES RESIDENTS TO SUPPORT BUSINESSES DURING CONSTRUCTION

The road construction on Naperville Road and Chicago Avenue by the Illinois Department of Transportation is on schedule to be completed by the end of the year. The Village wants to remind residents that businesses in this area are open during construction. We encourage the community to support these businesses during this time.

Special Events Announces 2006 Taste Updates

Each year, the Westmont Special Events Corporation solicits feedback from the public regarding the various events they host. "We've worked hard to encourage feedback," says WSEC President Larry McIntyre. "We listen to the recommendations that come to us, and if there's something we can do to improve the fest, then we'll try it."

To address concerns of pedestrian congestion at Norfolk Street, the layout of the festival has been stretched further north along Cass Avenue. Food tents will now start at Norfolk Street and run north to the end of the Manning School parking lot. The beer-margarita-wine tent will be at 226 N. Cass and the main dining tent will be in the Manning School parking lot. "These updates should actually make food and beverage purchases much easier. Now there's much more room to enjoy the music at the main stage, which has moved a little north on Cass Avenue."

NEW IN 2006 TASTE CAR SHOW

This year, the Taste of Westmont will feature a Car Show on Saturday and Sunday, July 15 & 16, 3-9 p.m. Classic car owners are encouraged to attend. The show is free of charge and guarantees you the best parking at the festival. If you have a classic car and want to participate, please contact the WSEC at 630-829-WEST to sign up. There will be several People's Choice Awards and prizes for the participants. Cars will be on display at the LaSalle Bank parking lot on Cass Avenue.

ALL-AGES DRUM CIRCLE

Both Saturday and Sunday will kick-off with an All-Ages Drum Circle at 11am in front of the Irving Street Stage. Westmont-area high school graduate McKenzie Martin will lead the circle. Feel free to bring a percussion instrument with you, or you can borrow one of ours.

COMMUNITY ART PROJECT

This year's community art project will be a metal sculpture. Fest-goers are invited to bring weldable pieces of metal to the event to be added in the sculpture. The metal sculpture artist will be at work from 4-9 p.m. on each day of the fest at the WaFotA Arts Tent just south of LaSalle Bank on Cass.

IRVING STREET STAGE

The annual Pop Idol/Battle of the Bands Talent Contest will be held Saturday, 1:30-6 p.m. The winner of this contest will be awarded a paid gig at this year's Ty Warner Park Teen Night! On Sunday, noon-4 p.m., the Westmont Area Friends of the Arts will host their annual Open Mic featuring local artists. Call (630) 829-WEST to sign up.

or visit the Village website at
www.westmont.il.gov

Fourth of July at Ty Warner Park A Big Success!

Since the year 2000, the Westmont Park District and the Village of Westmont have co-hosted the Independence Day Celebration and fireworks display at Ty Warner Park. It is estimated that the event attracts 10,000 guests. This year's celebration featured live music, a hula-hoop contest, a watermelon eating contest, tug-of-war, sack races, cutest baby contest, and even guest appearances by Thomas Jefferson, Uncle Sam and the Statue of Liberty,. The night was capped off with the best fireworks display in the Western Suburbs. **Congrats to the Westmont Park District for hosting such a wonderful event!**

Sprinkling Restrictions

Each year, the Village enacts water sprinkling restrictions from May 15 through Sept. 15. The restrictions only apply to mechanical sprinkling of lawns and gardens. Water sprinkling by hand is always allowed any time of day. **Properties having odd-numbered street addresses are allowed to use their water sprinklers from 7-11 a.m. and 7-11 p.m. on dates of the month having an odd number. Properties having even-numbered addresses are allowed to use their water sprinklers from 7-11 a.m. and 7-11 p.m. on dates of the month having an even number.** Sprinkling at other times is prohibited.

During extreme water shortages, the Mayor has the authority to ban the use of water outside a home or business, except for the extinguishment of fires and emergencies. Any person, firm or corporation convicted of violating the provisions of this shall be subject to a fine ranging from \$25 to \$200 for each violation. The watering of trees, shrubs, flowers and gardens shall be permitted at all times by means of handheld devices.

Down to Earth Westmont Garden Club

If you are interested in creating a new garden, maintaining your existing garden, or meeting with others who enjoy similar gardening interests, then the Westmont Garden Club might be for you. The Westmont Down To Earth Garden Club provides a forum for people to share information and experiences regarding gardening.

The club typically meets the first Monday of each month at 7 p.m. at the Park District Community Center, 75 E. Richmond.

All interested persons are invited to attend and help plan future programs, demonstrations, and garden walks. Nadine Smith and Sarah Monette are the 2006 co-chairs for the club.

For more information, contact Nadine Smith at (630) 241-1644 or nadine_smith31@msn.com.

(NEW CONTRACT continued from COVER)

"It has been our desire to provide the best possible service for the best price," says Mayor Bill Rahn. "We think we've accomplished this goal for the entire community, while being able to pay particular attention to our seniors."

The regular quarterly fee for garbage pick-up is \$33.30. For seniors who are 65 years and older who live within the Village and have signed up for the senior discount program, the quarterly garbage rate is \$25.00.

"We need to see identification that shows people's age and that they are a resident of Westmont," says Deputy Village Clerk Steve Penczak. "We don't have information regarding the age of residents on file." Penczak adds, "The Senior Garbage Pick-up Discount will begin as soon as the application has been approved and processed."

If you have further questions regarding the new garbage contract or the new Senior Discount Program, please contact the Village Clerk's Office at (630) 829-4400.

EIC Scholarship-Intern Winners Announced

RECYCLING PROGRAM AT THE TASTE OF WESTMONT ANNOUNCED

Each year, the Westmont Environmental Improvement Commission awards up to \$2500 in scholarship money to Westmont residents who express a commitment to environmental concerns and need funding for higher education. This year's scholarship-internship winners are David Van Dam and Patrick Ye.

The internship program requires each recipient to devote 40 hours of environmental-related service to the community. Several projects have been identified by the interns.

One of the projects will include developing a successful recycling effort at the Taste of Westmont. This year, several well-marked recycling containers will be placed throughout the festival for patrons to place their recyclable materials, such as empty beverage containers. The interns will carefully manage the program to ensure the recycling containers are not contaminated with food waste.

The interns will continue their work with the Village until mid-August when they leave for college.

Village of Westmont Celebrates Arbor Day

The Village of Westmont helped Miller School students celebrate Arbor Day by planting two trees. Westmont has now been a recipient of the Tree City USA Award for the past 10 years! Congratulations to Village Arborist Jon Yeater and the Westmont Street Division for their tree care excellence.

Environmental Improvement Commission Recommends Smoking Ban

The issue of community smoking bans in public places has been actively discussed throughout the State as well as the Country during the past year. Many municipalities have already passed various forms of legislation to prohibit smoking in public places.

In May, the community of Woodridge hosted a meeting among 11 different DuPage municipalities to discuss the possibility of enacting a smoking ban ordinance in a cooperative and consistent manner.

At the June 26 meeting of the Environmental Improvement Commission, the commissioners recommended that the Village of Westmont adopt a smoking ban. It is expected that the Village will solicit public opinion and host a public forum to discuss the issue before acting on a motion.

For more information regarding this recommendation, please contact EIC staff liaison Bob Fleck at (630) 969-8080 or rfleck@wpd4fun.org.

@ your library

Summer Read Program...

The theme for this year's Summer Reading Program is Readers of the Round Table. Though the program began in June, it's never too late to sign up. Stop by the library today and begin your adventure.

What is the Holy Grail: Behind the Da Vinci Code July 17, 6:30 p.m.

Leonard J. Biallas will talk about the controversy surrounding the bestselling book The Da Vinci Code and find out what he believes the Grail really is.

Dungeons and Dragons July 18 & 25, 5-8:30 p.m.

This game will be a two-night scenario. We suggest that players come on both nights.

Dragon Egg Hunt July 24, 10:30 a.m.

Children under the age of six will search high and low for dragon eggs containing treasure hidden in the Youth Services department. No registration is required.

Medieval Musical Storytime July 31, 10:30 a.m.

Join Anna Stange in an adventure of song and movement as she leads a magical musical story time for young children.

Knighting Ceremony Open Castle August 13, All Day

All participants who reached their summer goal will be knighted in a ceremony and have their picture taken. Drawings for the grand prizes will also take place.

Are you ready for the challenge?

Join the Westmont Citizen's Fire Academy

The Westmont Fire Department's Citizens Fire Academy is a program designed to help citizens better understand the Department's firefighting and rescue operations as well as the multitude of services they provide for the community.

The ten-week course is not designed for future firefighters, but instead for citizens who are interested in gaining an insider's view of the lives of professional firefighters and EMS personnel. Participants ride along on emergency calls with Westmont Fire Department personnel and experience the world of emergency services through hands-on activities. The CFA curriculum is divided into three areas: classroom participation, hands-on practical training, and live fireground activities. Every aspect of the program is voluntary. If a participant prefers to observe rather than take part in an exercise, the experience is still made interesting and enjoyable.

Participants receive Automated External Defibrillator (AED) certification, CPR certification, First Aid training, as well as the knowledge of how to react positively to fire and medical emergencies, an increased awareness of home and workplace safety measures, and the ability to properly select and use portable extinguishers.

There is no fee to attend. If you are at least 18 years of age, of good standing within the community, live or work in the Village of Westmont, and can commit to attending the ten Wednesday evening class sessions beginning on September 6, then please contact Lori Brady at (630) 829-4480. Get ready for an exciting (and safe) venture into the world of firefighting and emergency medical services.

Citizen Corps Promote Emergency Preparedness

Residents should have a basic plan in place for emergencies such as a loss of power, severe weather, or other types of disaster. Families should practice this plan yearly. The Westmont CERT Program makes the following recommendations regarding emergency preparedness.

12 Things To Do To Help Your Family Be Ready For A Disaster:

1. Have an emergency plan-Develop, maintain and practice a written, comprehensive plan for emergencies.
2. Get an emergency kit-Assemble and maintain a portable 72-hour kit.
3. Have an emergency food supply-Fortify home base with food, water and other essentials to care for the needs of residents.
4. Prepare to shelter-in-place-Evacuation might expose a population to a greater danger than "staying put."
5. Know your home-Learn how to operate electric circuits, natural-gas controls, main water valves, outside air vents, etc.
6. Take inventory-Inventory items of special value and importance. Know their convenient location.
7. Equip your car
8. Prepare to go powerless-Prepare the home to remain secure and reasonably comfortable during short or extended periods.
9. Plan for pet.
10. Figure financial contingencies-Anticipate and plan for the interruption of income because of loss of employment, illness or even the unexpected death of a breadwinner.
11. Remember your health-Plan for medical needs during a time of extended emergencies. Emphasize critical, life-supporting medications and supplies.
12. Remember those with special needs-This may include someone outside your home who may need your assistance.

Children's Safety Camp

The Westmont Fire and Police Departments are sponsoring three Children's Safety Day Camp sessions this summer. During the two fun-focused days of learning, participants will increase their knowledge and awareness of all aspects of safety. The camp includes sessions on bike safety, fire safety, 9-1-1 procedures, water safety, personal safety, outdoor safety, and first-aid...all in an informative and fun atmosphere.

The first two offerings have been filled, but there is still space available for the August 16 & 17 camp.

Applicants must be eight, nine, or ten years of age, live or attend school within the Village of Westmont, or participate in a Westmont-based Boy Scout or Girl Scout Troop. Acceptance will be on a first-come/first-serve basis. There is no fee to attend. To request an application, please contact Lori Brady at (630) 829-4480.

Last July's Safety Camp was made memorable by a visit from ABC Reporter Roz Varon on July 13. The segment ran on their 4 & 5 p.m. newscasts.
